Engineering
University of Cambridge

"Bosworth helped me get into Cambridge by providing extra weekly lessons so we could discuss admission tests and ask any questions to our teachers. Personally, I prepared by studying after school, and for extracurricular activities, I used to do many projects, attend online courses and university virtual open days."

"As an international student at Bosworth I studied and lived with the most amazing people. Whilst I've learnt so much from the subject discussions I had with my classmates in lessons. I also spent time having fun and creating unforgettable memories with people whom I can now call my second family. I truly appreciate the time I had at Bosworth."

Astrophysics
University of Edinburgh

"Bosworth is a great place to expand your knowledge in an encouraging environment. Outside the classroom, the international community helps you learn about different cultures, religions, and customs. Whilst back in class, you're surrounded by friendly and kind people who will help you through any struggle you might face academically."

Communication & Media
University of Leeds

"I had been in public schools for almost all of my life before I came to Bosworth. Studying here gave me a totally different experience. The classes are really small, comprising of only eight students. I know everybody else in the class and I can talk to them comfortably and freely. The teachers are also very supportive and attentive to each student, which is great."

University of London

"I would suggest choosing Bosworth if you want to do well in your exams. It's one of the best schools because of individualised learning and the focus on achieving the right grades. The school offers an exclusive Medic Preparation Programme that includes interview preparation and admission test support, which is very helpful."

GCSE
Lucja | Polish

9 in Maths, 9 in French, 9 in Spanish, 9 in Polish, 9 and 8 in Combined Science, 8 in English Literature, B in Business Studies

"The education offered at Bosworth is a lot more unique than my old school, not only in terms of being more multicultural, but also it has a larger variety of subjects to choose from. The teaching is really supportive as small class sizes allow students to feel comfortable when asking questions, and the teachers are always there to answer your questions."

GCSE
Somtoo | British

A in Business Studies, 9 in English Literature, 9 and 9 in Combined Science, 8 in History, 8 in French, 7 in Maths

"Bosworth gave me added value and support by allowing me to expand socially as well as academically. I was able to undertake subjects and areas I probably wouldn't have been able to otherwise. I was also able to interact with a melting pot of different cultures and nationalities so that's something that has been very interesting."
