

# Oxbridge and Medicine Preparation

Bosworth  
Independent  
School

## Year 9 and GCSE

Bosworth Independent School offers a full programme of support and in-depth preparation to help you succeed in applying to Oxford, Cambridge, medicine related degrees or other competitive degrees. Our programme aims to develop your skills, confidence and experience to excel in these highly competitive fields. We believe starting your preparation early is the key to success.

# How do we make your application stand out?

---

## Individual Advice, Support and Mentoring

You will have access to:

- Personal Tutor and dedicated programme specialist to guide you through the planning of your personal and career development.
- Expert advice on course choice for GCSE and A level – allowing you to develop your own action plan, make informed subject choices and maximise your success.

## Academic Challenges and Competitions

You will be encouraged to enter academic competitions and prizes, such as the Chemistry, Biology or Physics Olympiads and Maths Challenges. Participating in academic competitions can help your application stand out. Previous students have also won essay, photography and other national competitions, such as the Kroto Prize. We support students to pursue opportunities that align with their talents and interests.

## Co-Curricular Programme

We offer a wide range of opportunities to develop your wider skills by becoming a Head Student, Prefect, Peer Mentor, House Captain, member of the Boarding Committee or a member of the Student Council. We also offer a broad range of enrichment activities to enhance your personal statement

## Valuable Work Experience and Voluntary Work

Bosworth supports you to find suitable work experience placements and voluntary work. You will be encouraged to participate in charity and volunteering events at school, which raise money for various charities and support the local community.

## Visits and Speakers

You will attend a great variety of presentations, workshops and masterclasses where you will gain a realistic understanding of different university requirements. You will also have a chance to meet and talk to Bosworth alumni, who will share their personal experience at Oxbridge, medicine and other competitive degree students as well as thoughts on their course and university.

## Skills and Development

Oxford and Cambridge as well as medicine-related courses are looking for students who enjoy talking about their subject and being challenged to think 'on the spot'. At Bosworth you will have regular seminars with other students and our dedicated specialists, where you will gain confidence in discussing current issues in your areas of study, identifying and reflecting on your own strengths and areas for development.

“

At Bosworth the aims of each individual student are important and every student receives tailored support. This provision helped me achieve my goal of studying at an Oxbridge University.

”

**Baba from Nigeria**  
University of Cambridge, Engineering

# Success Stories

---

**Denise | Vietnamese | A\*A\*A\*A\*a\* in  
Biology, Chemistry, Maths, Further  
Maths, EPQ  
Natural Sciences at the  
University of Cambridge**

*“As an international student at Bosworth I studied and lived with the most amazing people. Whilst I’ve learnt so much from the subject discussions I had with my classmates in lessons. I also spent time having fun and creating unforgettable memories with people whom I can now call my second family. I truly appreciate the time I had at Bosworth.”*

**Sahar | Iranian | A\*A\*A\* in Chemistry,  
Physics and Further Maths  
Engineering at the  
University of Cambridge**

*“Bosworth helped me get into Cambridge by providing extra weekly lessons so we could discuss admission tests and ask any questions to our teachers. Personally, I prepared by studying after school, and for extracurricular activities, I used to do many projects, attend online course and university virtual open days”*
